father Otto Frank died in concentration camps. After the war in 1947 Otto published Anne's diaries and her story became a literary classic translated into dozens of languages. Otto Frank who died in 1980, censored the diaries by withholding pages from the media to protect his daughter's privacy. But the best intentions of Otto Frank came to nothing when a former employee of the Amsterdam-based 'Anne Frank Foundation', Cornelis Suyk told scholars in 1998 that Otto Frank gave him the diaries as a gift. They were published on the Internet almost immediately and in today's world that means the more intimate thoughts of a little girl's lonely adolescence trapped in a loft by the raging 'Beast' of European Social Darwinism are read in public and made available without Otto Frank's intended fatherly protection of his daughter's childhood privacy and innocence.

**Knowledge is Power**

Now it was Francis Bacon who made the observation that, 'Knowledge is power'. Personal knowledge held in private is power retained hence privacy is self-empowerment necessary for personal decision making without the brainwashing of political propaganda, marketing psychology and something called 'heterophobia'. Heterophobia is a menace imposed on the normal sexual relationship and the responsi-

- bility for children that goes with it. An example of heterophobia is how 'old fashioned'imonachies this day are of little or no value to operant conditioners. The natural family unit of a young couple in a committed heterosexual marriage with their biological children as a prescription for life and happiness has been worn out as a means of marketing. Generalized hatred and contempt cannot be used to stigmatize the accused of 'chauvinism' in opposition to 'feminism' to divide husband and wife for separate male and female solo-consumerist 'empowerment'. Next the 'generation gap' divided children from parents for the same ex-

- ploitation. Nowadays the music and advertising of yesteryear is the same old boring pulp of today with the same old rhetoric. Grand-

- -parents are as 'try hard revolutionary' as their grand children with nothing left to rebel against because there are no marketable boundaries in family life for conditioners to exploit anymore. It's been over commercialized. The 'carrot on the stick' like a 'Pied Piper' with the masses in tow has moved way beyond 'normal' family ties today. The Internet and mass-media intrusion into individual privacy via increasing technology is now endemic and totally invasive of even children's rights in their vulnerable position of just being children in an ever increasing 'knowledgeable' society.

**The Pornography of Power**

So Hitler's invasion of the personal privacy of children in the 1930's is the same totalitarian invasive influence of today. He used the same means only now the pornography of power that is state propaganda has morphed from Nazi political perversion into perverted gay activism for abnormal 'marriage' equality. It holds the endorsement of heads of state, heads of corporations, school teachers, even brain-

- washed parents for the people who will grow up to become leaders in pre-war Germany. Loss of privacy from childhood into adulthood offers not just money but real power through Internet connectivity to both secular governance and corporate commerce. The normal value of personal privacy that when shared makes friendships cleave to-

- gether collapses in the motive centre of people who are isolated and conditioned by unfettered consumerism. The 'system' becomes an atheistic 'blind faith in blind chance' mentality of boldness into the unknown by a herd of 'Star Trek' lemmings charging towards an abyss in wilful ignorance of tragic outcomes. The Social Darwinist mechanisms of power that were mass media in the 1930s and that were used to bring Hitler to power and achieve racial supremacy are again being used to bring a pornographic supremacy of a sexual and cultural revolution. The 0.01% of aggressive 'gay' activism is being used to bully the 99.99% of global society into conforming sexual behaviour that is abnormal, unproductive of children, unhealthy and invasive of children's natural born sexual identity. All this is purely for the final frontier of warp speed consumerism to define people's self-image and hence from now on will all over the planet by using mass media input and Internet output.

**Religious ‘Conversion’ in Mass Persuasion**

Now there is a religious ‘conversion’ factor in mass persuasion. It can be seen in the ‘coming out’ ‘confessional ritual’ of homosexuals to achieve social acceptance. Each and every divulgence of their per-

- sonal privacy remolds the children and adults who look up to these ‘icons’ by causing them not to value their own privacy. These tar-

- geted ‘initiates’ for ‘cultic conversion’ to permissive heterophobia must then themselves make the ‘general confession’ of what is unnatural and abnormal sexual behavior as being ‘natural and normal’ and what is obviously unhealthy and unclean as being ‘healthy and clean’. Today’s socialist gay activism herds children into a ‘coming out’ con-

- fusion and conversion experience repetitively through school age education for a heterophilic lifestyle that enslaves them to the power of consumerism at a maximum rate of consumption. The Beast doesn’t care about the children who will grow up to become one of the 15% of homosexual men who have a HIV death sentence. It doesn't care about the crying children of broken marriages, anor-

- rexia nervosa in young girls and their mothers or the suicide rate of people, young and old - who 'fail' the marketable standard. The Beast of Consumerism consumes life maximizing profit for power. The Internet and mass-media intrusion into individual privacy via increasing technology is now endemic and totally invasive of even children's rights in their vulnerable position of just being children in an ever increasing 'knowledgeable' society.

Adolph Hitler's Propaganda War on Children

So in Nazi Europe during the Second World War Adolf Hitler's propa-

- ganda invaded the inner boundaries of individual privacy and in so doing rede-

- fined human conscience through mass media - for mass media to administer totalitar control our minds and lives like rats in a cage. Our old power was that `knowledge' makes us proud and another that `pride' comes before a fall. Jesus Christ ever had a promise that the 'Truth' would set us free.

The Perverted Rainbow

Today more ‘knowledge’ is more power. The worship of the perverted rainbow now means the global sexual degradation of children into adulthood can be cemented in place and accelerated by the Internet and mass media. The ‘deceived’ become the deceivers and the ‘victims’ become predators. Society will never again have the moral ability to restructure and recover. It can only wear out lives and tear down law and order. The ‘activist’ driven media can’t stop fighting moral boundaries because they lose the fight to live when there is nothing left to fight against. Already photos of young boys are being displayed naked in ‘Art Galleries’ for homosexual and ultra-feministic purveyance as ‘vengeance’ directed at helpless ‘little men’. It’s legal in many nations for heterophobes to adopt children, bully their self-perception of their natural born sexual identity and send them to primary schools to use opposite sex toilets and destroy the innocence, privacy, common sense and normal sexual self-perception of the other 99.99% of children. Children are not ‘born perverted’ – they are made that way by the mass media - for the mass media to continue it’s control of people in a consumerist age. Herein is the real bullying of children that forces on them a loss of innocence and privacy whose lives and rights are meant to be respected without publicly being humiliated for commercial power, political persuasion or groomed for sexual perversion. ‘Gay’ activism is just a pawn of consumerism as will be the euthanasia lobby, (for a speedier turnover of ever younger burnt out consumers). The much coveted ‘carrot on the stick’ in our world is creeping out over an insidious moral abyss.

The Protection of Innocence and Privacy for Children

Who then should have power over children to protect their privacy? Should it be the power seeking lying politicians, priests or Imams? Should it be the media heterophobes who use preschool television to brand a child’s psyche with gender perverted role modelling. Perhaps the local drugged up Marxist, or some ‘Agenda 21’ anarchist weirdo? Should it be the commercial CEOs who oversee the algorithms of an individual child’s Internet feed for an ever increasing sexualization for commercial gain? Which one of the above morons should have access to your children’s metadata and knowledge of their personal Internet usage? Most of them do already! Leave the kids alone! Leave their parents alone! God has by natural genetic affection made the only way for the care of children to be in the loving protectionist privacy of a healthy heterosexual family. Can anyone stop the ‘Beast’ of consumerism that is tearing families apart and devouring children’s innocence and privacy? Can we who are now adults restrain our own consumerism? Can we reconfigure our own damaged psyche and society? There is hell to pay if we don’t. The innocence of children in our world and the privacy they require to grow up normally is almost lost. The ‘Beast’ of consumerism has murdered the innocence of simple self-control. We can no more change the ‘system’ than we can stand in the way of ‘progress’. Our ‘New World Order’ with all of it’s ‘know ledge’ is becoming a vertical decent into complete and utter insanity. We can however as individuals be released from our conditioned addiction to ‘pleasure and not pain’. It doesn’t matter how close to the abyss you are whether a ‘gay’ activist or just a ‘normal’ person in a perverted world - we are all tarred with the same brush to some degree. All we need to do is break the cycle of addiction...

The Truth Will Set Us Free

Heterophobia in it’s destruction of family life and responsibility towards children is universal in Western society and has been for decades. Remember that Jesus said, ‘the Truth will set us free’. Between us and the all consuming ‘Beast’ stands one trustworthy person who can save us from the perpetual enslavement of our God-given personality and free will. He is the Man with the real cross and who is the embodiment of the real hope in a true rainbow. It is through Him that God authored all of the genetically encoded information in the DNA of all creation. The Son of Man - the Lord Jesus Christ understands our chaos but he doesn’t mince words. It’s an individual - heaven or hell decision. His command, ‘You shall not covet’ begins our escape from the ‘system’ to recover our free will. There is a place in the heart of every one the privacy of which - belongs to God as our Creator and us alone. His answer to the loss of our privacy and the confusion of our sexual responsibility and identity - is found in His example of sacrifice. You can only recover and retain of your life what is surrendered to God because His love and justice, forgiveness and vengeance are perfect. He is trustworthy. Forget religion and confess your sins privately to God alone. Step outside the ‘Skinner’s Box’. Turn away from a life of conditioned self-centered materialism and be born again by the Devil who animates himself through the ‘Beast’ of a consumerist world. We sacrifice our all - (repentance) and Jesus as the Word of God that would otherwise condemn us becomes the ‘Sacrifice’ of God Almighty for us. Get a new spiritual heart and a new mind in a Christ-centered existence that restores life on earth with the sure hope of heaven in the hereafter. In dying for us Jesus defeats all sin and in His resurrection – he defeats death. All Jesus asks of us is to turn from our pride and put absolute trust in Him as God’s Word. The new birth is a spiritual relationship of accountability to God alone through Jesus - in a Spirit of resurrection power. We die to self and rise with Him in a new spiritual life. Real freedom comes in obedience to God’s Word and not the dictates of the ‘coveted carrot’. Get a good translation of the Bible, start by reading the Gospel of John and pray to God our Father in Jesus Name. May God have mercy on us in our deluded and tragic world. God save us. God help us. God Bless!
