

*We can choose to use our growing knowledge to enslave people in ways never dreamed of before, depersonalizing them, controlling them by means so carefully selected that they will perhaps never be aware of their loss of personhood.*

*Carl Rogers, pioneering psychologist.*

The Australian 'Friends' of Palestine Association (AFOPA) and like-minded organization, *Boycotts, Divestments and Sanctions* (BDS) have been boycotting Jewish businesses around Australia and overseas for many years. Their literature infers a recognized terrorist group called HAMAS to be 'freedom fighters' for the Palestinian people. In 2014 HAMAS initiated a war with Israel they never intended to win. It is now clear that the only advantage HAMAS sought to gain, and their main objective from the outset - was to win a 'propaganda' war against Israel based on the televised sacrifice and bloody imagery of the mangled bodies of innocent Palestinians. BDS and AFOPA are an extension of this terrorist regime's propaganda war. Now HAMAS and their companion organization 'Islamic Jihad' in Gaza are considered terrorists by the free world, not just because of their rocket activity against civilians in Israel, but because of their despotism towards their own Palestinian people. You either agree with HAMAS or be killed, or you can fight against Israel and be killed. That's the only real choice ordinary Palestinians in Gaza are given where terrorism rules and propaganda is indoctrinated in children by political and religious mass media. So who's killing the innocent? Israel is firing the weapons while HAMAS, who started the 2014 conflict - is sacrificing ordinary civilians and their children. But who bears the responsibility? Who or what is really to blame? *How did these people become expendable?*

Inevitably at some point this round of killing will end. Sadly however the cycle of offended children and bereaved families continues the propaganda that fuels revenge and unfortunately the terrorist regime as well. Nobody could understand the suffering of the Palestinian people better than ordinary Jews, if only they were given a chance to overcome the pain of their own distress. But how can Israel heal the anguish of Jewish suffering of the boycotts of Jewish businesses in Europe in the 1930's (that led to the genocide of millions of Jews), *when strange people are again today boycotting Jewish shops all over the world.* There are people alive in Australia today who as children, suffered horribly under the western social Darwinism of Fascist Europe and the Soviet East. Do the promoters of propaganda, the AFOPA 'humanitarians' have any empathy at all? Do the BDS and AFOPA people, (and their political collaborators by way of unlawful permissions - the local City Councils), realize that they have to some extent, initiated and encouraged in the terrorist 'mind set' of HAMAS over the past four years - *a deliberate intention of 'futile warfare' that has turned out to be nothing more than a failed propaganda stunt?* This by simple reason makes AFOPA, BDS and local City Councils morally if not legally responsible for the deaths of hundreds of innocent Palestinian children who were caught in the crossfire. That's what happens when you politically support state terrorism. Hitler did it. Stalin did it. China does it - and now HAMAS, BDS, AFOPA and local City Councils in and around Australia are doing it as well. When you politically support state terrorism by wilfully being an extension of it's propaganda, you become responsible for the slaughter and sacrifice of innocent people including children. BDS, AFOPA and the local City Councils have no excuse. Gaza is not a football field, it is a killing field. People who incite others to sacrifice the lives of the innocent whatever the justification are not blameless by any means, no matter how 'well intentioned' they may wish to appear. How these western, 'educated', 'urbane people' could be a party to the destruction of the lives of so many innocent Palestinian children to gratify their own 'personal empowerment' is astonishingly self-righteous, and utterly self-deceptive. *In a country where men are locked up for*

*looking at kiddie porn from the other side of the world that they did not physically participate in - why aren't the self-righteous, BDS and AFOPA purveyors of murderous propaganda and their local Council stooges in jail for the complicit murder of hundreds of children in Gaza?* Now while the politicians, legal practitioners, rich businessmen and yuppie socialists who fund these organizations may not be paedophiles - the children of Gaza still suffered terribly and then died. Those who didn't, live on with deformed personalities, twisted by pain and propaganda to continue the hatred and killing as adults. What gratification do these blind Pharisaic AFOPA - BDS 'friends' of Palestinians receive in the surrogate hating, killing, suffering and dying of children on the other side of the world? Be a friend of a Palestinian for sure, but don't boycott Israel. The Jews who are safe in Israel aren't going anywhere, and will not give an inch of territory now that the propaganda of organizations like AFOPA and BDS have made the world appear an unsafe place for Jews yet again. Perhaps as individuals, AFOPA could try and boycott their own personal blindness to the suffering of others, their own hatred and prejudices and make an effort to understand their neighbours. Maybe then they'll find the way to heal the divided heart of ordinary people instead of polarizing one people group against another to glorify themselves.

So I ask again, who's responsible for the killing, Israel, HAMAS, the purveyors of self-righteous propaganda, or the political paralysis within western bureaucracy? The killing, stealing and destruction of warfare always begins with these same ingredients. It's the Devil's work. But if warfare became globally destructive in an atomic age, it has now become pandemic in an age of the genetic mutation of the Bird Flu virus. The words of General McArthur in a speech, after accepting the surrender of the Japanese Empire at the end of World War II in Tokyo Bay, *are more ominous today than ever before...*

*"Men since the beginning of time have sought peace... Military alliances, balances of power, leagues of nations, all in turn failed leaving the only path to be by way of the crucible of war... We have had our last chance. If we do not now devise some greater and more equitable system, Armageddon will be at our door".*

The abuses we have suffered can no longer be our excuses to continue in hatred or the lust to power and war. In ages past every national leader had in a village a national religion with a priest or imam to propagate his national agenda. In our day and age there are multiple internet connections in every home all over the world where 'empowered individuals' can publish their own superficial propaganda and opinions via Facebook - *but that is not real power.* Real power belongs to 'Faceless people' who input into global society information via mass media, then read the immediate data response of millions of Twitter feeds (liquid surveillance) and redirect more information to gain a *predictable outcome* in the attitude of almost all people globally at the same time. People don't even realize that their mind has been made up for them. Israel has just done this to a small degree... HAMAS has not. HAMAS can no more win a propaganda war than it can a ground war, but does this make HAMAS right and Israel wrong? Hmmm... *Right or wrong in propaganda depends on who wins the war, and as consumers in an age of information we need to think about this very carefully.* Perhaps the greatest injustice of our times is the loss of personhood people suffer via the loss of privacy every time they add to their internet data or Facebook profile. You 'voluntarily' participate in the surveillance of your soul and will submit without choice to propaganda. *Loss of privacy instigates a loss of personhood, develops predictability that results in a total loss of freewill.* On a larger scale it's a bit like the bogus theory of evolution and subsequent dermoid sciences versus the real science of DNA as prescriptive 3D information, (that cannot happen by chance).

You're not getting any choice. The 'faceless people' have made up their mind. *They have made up your mind. You will not be allowed to choose.* That's the system and it's the nature of the 'Beast'. You're a consumer, consumed by a consumerist society driven by greed. Put up, eat up, shut up and get used to it. You can't change yourself and you can't change the system either. It's just not allowed.

Now there is a '*greater and more equitable way*'. Within Israel, Iran and places like South America, Africa and China, there is a growing movement of ordinary people in opposition to 'people in power' (religious, political or faceless) who are seeing the good sense of conversion and surrender to the words of the most suffering of all Jews - the Lord Jesus Christ. Before sacrificing his life for the offences of the world, He disavowed any use of force and instructed his true followers to, 'love their enemies', to 'turn the other cheek' and to 'do good to those who persecute them'. This is not about religion and it's certainly not a Zionist conspiracy, it's called a *freewill sacrifice*. For true Christians, it's not about 'our' side in an argument, but your best eternal interests. It's not about media-internet propagated ideals of a temporal self-centred or national existence either. Life is about an eternal accountability to God, whose Word (Jesus Christ) is the Author of all DNA and our conscience that makes us able to *freely* choose in the first place. He will one day judge the world in righteousness. (Gen 1-3, John 1-3).

Belief in God and his Word, the Bible, is the most hated threat to the pornography of power that is propaganda because it takes away the ability of 'people in power' - the faceless people, to control the mindset of ordinary people. There is no peace between man and man unless men as individuals first make peace, face to Face with God. All argument, propaganda and war, is existential to someone who is controlled by the love of God for their enemies. The only other option is to remain self-righteous hypocrites by making your own rules for your own society in opposition to someone else's lesser status. Almighty God is perfect Love and He is Just. There is something in human personality and in private relationship that God absolutely cherishes. But to be pure in love He must hate, 'hated', and to be pure in justice, He must forever destroy all who practice injustice. God offers us forgiveness through the sacrifice of His Son, Jesus the Messiah - His incarnate Word. The Word that condemns all of us in our flesh for our own separation from God, became flesh, and was condemned in our place. The Sentence of death on us for our own moral corruption in our flesh, is sentenced to death in His flesh, in our place. His resurrection becomes our resurrection and eternal Spiritual life, if we believe and have faith in Him. The Kingdom of God is all about a Spirit of love and forgiveness, and 'little children' who believe in Jesus and are born again by the Spirit of God who gives a total change in the direction of life. They are humble enough to admit that we are all products of our own sinful culture and no better than anyone else. Jesus died for the sins of the world, as much to set the terrorist free as he did for his fellow Jews. Vengeance must belong to God alone. We all need a Redeemer, but we must first 'repent'. Repentance is an unpredictable turn from pleasure to self-denial and is where real Life begins. People who are born again of God's Spirit of Sacrificial Love are unpredictable to human controllers for profiting. They're just not interested in 'carrot on a stick' consumerism. God's Truth will one day wipe out the pornography of power that is propaganda. But for now those people who covet individual empowerment, religious veneration or the absolute power of state terrorism, the Kingdom of Heaven is just not of this world. It can only be found in the heart of a true believer. This Kingdom of God the Father and His only begotten Son, Jesus Christ is coming soon - whose side are you on?

*Jesus said "Assuredly, I say to you, unless you are converted and become as little children, you will by no means enter the kingdom of heaven. Therefore whoever humbles himself as this little child is the greatest in the kingdom of heaven. Whoever receives one little child like this in My name receives Me". Matthew 18:3*

**THE PORNOGRAPHY OF POWER**

Little children, it is the last hour; and as you have heard that the Antichrist is coming, even now many antichrists have come, by which we know that it is the last hour. 1John 2:18
